COMMERCIAL DATA SHEET Quadra 4100 XL

Billi Quadra 4100 with XL Levered Dispenser

The Quadra 4100 Boiling and Chilled drinking water system is a water cooled, high capacity, very large population commercial drinking water solution that maintains the core Billi design principles and requires no joinery ventilation.

The drawcard for the entire Quadra range is the use of innovative energy reclaim technology which enables space savings, energy efficiency and completely eliminates exhaust heat transfer.

The XL levered dispenser is streamlined and elegant, offering boiling and chilled output delivered safely, compliant to AS1428 and at your own pace by operating the position-sensitive levers.
