# **COMMERCIAL DATA SHEET** Quadra 440 XL

# Billi Quadra 440 with XL Levered Dispenser

The Quadra 440 Boiling and Chilled drinking water system is a high capacity, medium population commercial drinking water solution that maintains the core Billi design principles and requires no joinery ventilation.

The drawcard for the entire Quadra range is the use of innovative energy reclaim technology which enables space savings, energy efficiency and completely eliminates exhaust heat transfer.

All Quadra boiling and chilled products are Global GreenTag certified to a Gold standard.

The XL levered dispenser is streamlined and elegant, offering boiling and chilled output delivered safely, compliant to AS1428 and at your own pace by operating the position-sensitive levers.
