COMMERCIAL DATA SHEET Quadra Compact XL

Billi Quadra Compact with XL Levered Dispenser

The Quadra Compact Boiling and Chilled drinking water system is a high capacity, intermediate population commercial drinking water solution that maintains the core Billi design principles and requires no joinery ventilation.

The drawcard for the entire Quadra range is the use of innovative energy reclaim technology which enables space savings, energy efficiency and completely eliminates exhaust heat transfer.

All Quadra boiling and chilled products are Global GreenTag certified to a Gold standard.

The XL levered dispenser is streamlined and elegant, offering boiling and chilled output delivered safely, compliant to AS1428 and at your own pace by operating the position-sensitive levers.
