

COMMERCIAL DATA SHEET

Quadra Sparkling 460 XL

Billi™

Billi Quadra Sparkling 460 with XL Levered Dispenser

The Quadra Sparkling is the ultimate in modern design and filtered drinking water appliances delivering instant boiling and chilled filtered water, with the added luxury of sparkling water.

Utilising underbench ice bank technology to enhance capacity and recovery, all three output options are conveniently delivered by operating the DDA compliant position sensitive levers on the single above bench XL levered dispenser.

The Quadra Sparkling has a commercial capacity and is suitable for any environment.

GM - Gun Metal Grey

Add the Finish code to the Product Code to finalise your specification, eg. 906060LMB

TECHNICAL DRAWING & INSTALLATION REQUIREMENTS

PRODUCT DIMENSIONS

PREFERRED INSTALLATION LAYOUT

WATER SUPPLY

A single 1/2" BSP (15mm) stop-tap with a male thread should be installed in an easily accessible position. Water supply must be microbiologically safe to drink, with a minimum dynamic water pressure of 250kPa and a maximum of 1000kPa.

POWER SUPPLY

Two (2 of) standard 10 amp power outlets are required, no further than 1000mm from the underbench unit. The system is supplied with a 1 metre flex cord and plug.

FILTRATION

Billi's range of premium filters utilise BWT's unique Fibron X technology. Billi's filter range provides superior taste, water quality, consistent filter life and peace of mind when it comes to hygiene.

Filter supplied: 994051 (5 micron). Replacement filters available: 994052 (0.2 micron), 994054 (HSD), 994055 (XPHSD), 994056 (Sediment only) and 994060 (0.2 micron sediment only).

CERTIFICATIONS

Every Billi drinking water appliance is manufactured under a certified quality control system. All Billi commercial range models have been tested and comply with all required standards including: Watermark: WM-022690; Tested to ATS5200.105 and AS/NZ 4020; ISO 9001:2015, QEC 11627; AS1428; HACCP: PE-872-WAT-1-02; WELL Cornerstone Member.

CO2 Cyclinder

The CO2 gas cylinder supplied must be secured in a suitable location. Each cylinder contains 1100g of CO2 and should be installed in a well ventilated area. Each cylinder will provide between 200-350L of sparkling water depending on the unit settings. The MSDS is available on www.billi.com.au for a complete list of specifications and warnings. Replacement gas cylinders are available from Billi. CO2 Cylinder - single 996911 or double 996912.

WARRANTY

The Billi Quadra Sparkling Range is covered by a comprehensive 2 year warranty on all parts and labour.
